

# RAY HARMER *Fresh Hope and Vision*

## Profile

Following my election as a commissioner, I have been the Chairman of Peel Commissioners from May 2010 to 2011 and currently serve as lead member for finance as well as being on the committees for regeneration and Peel Heritage Trust.

I was born in a council house, one of seven children.

At Cambridge University I attained an Engineering degree, then completed an MBA degree in Business with the Open University whilst working on the Island.

I started work in London with Ove Arup on various infrastructure projects both locally and abroad.

Since 1994 I have been employed in the finance industry in the Isle of Man.

My wife Adele and I have one son, Nathan.

Golf, squash, tennis, walking, cycling and playing the saxophone are amongst my interests.

## Why I wish to stand as an MHK for Peel

I thoroughly enjoy living in Peel and am passionate about making it the best it can be. I believe it is time for Peel to be heard and for Peel to play a key role of influence in the affairs of our nation.

## Some of my aims would be

- To campaign for better amenities and services for Peel for all ages, such as a free nursery place for each child, reduction in waiting time to see a doctor, a community centre, and sports, gym and recreation facilities.
- To encourage more employment for Peel, in particular some government offices could move to Peel.
- To seek proper representation for Peel by having two MHKs to reflect Peel's size and future growth.
- To seek to reverse the UK's seizure on the VAT agreement, to tackle the pension deficit and to see a more effective use of government funds, cutting waste.
- To campaign for immediate investment for our sewerage infrastructure and see a blue flag for our beach.
- To be open, transparent and always ready to listen through surgeries, newsletters and the website and to see changes to this effect in government.

You are warmly invited to an informal chat with Ray Harmer. A chance to share and discuss your views on the issues facing Peel and the Isle of Man in preparation for the election in September.
