Dear Fellow Constituent,

I am writing to you all today to announce my intention to run for election to the House of Keys on your behalf for the constituency of Middle in the General Election on Thursday 22nd September 2016.

My wife, children and I have been privileged to live, work and be educated on this wonderful island for the past 30 years with its strong sense of community, security and magnificent beauty. We are truly thankful.

Before moving to the island I lived and worked in America as Vice President of Staffordshire Potteries USA INC, a division of Staffordshire Potteries PLC based in Stoke-On-Trent. Since arriving on the Isle of Man I started my own catering company owning and running many successful operations. I feel that my strong business, social and communication skills make me an ideal candidate to work for you as your representative for Middle in the House of Keys.

I believe the duty of an MHK is to his or her constituents and to work for you and the future of the island. However, the island is currently facing major issues that need addressing sooner rather than later.

My major concerns are:

- The current state of Government Funds
- Health and Social Care
- The continued waste of Government Funds
- The cost of housing for first time buyers
- The public sector pension short fall
- The future of employment and industry

I am sure that you will also have more issues that we need to address, as do I, and I look forward to hearing them and meeting you during my campaign. The island currently needs strong, professional, hardworking leadership at government level, not for the self gratification of the individuals elected but for the people of our island and its future.

Assuring you of my best intentions at all times.

Yours sincerely,

W. B. Bowers
