**HOUSE OF KEYS
ELECTION
29th September**

Hello!

Thanks for taking the time to have a look at my introduction letter.

I am one of the last candidates to come forward to stand in the House of Keys election. The reason was because of my day job with ITV Granada.

To contest the election I have had to stand down from the position of Isle of Man correspondent, but I believe this was the right thing to do.

My main reason for wanting to represent you is simple - it's going to be a tough five years but I know it's a challenge we can overcome together.

The past 35 years of working in the Manx media has given me a good insight in to the challenges we face.

Government must communicate its message better and actively engage the Manx public in its decisions.

The Isle of Man is a special place to live and work and it's essential your MHKs work hard to maintain this - something you can rely on me to do.

My full manifesto will be sent to you in early September.

About me:

Moved to the Island with my parents when I was 13 and have lived in Douglas East since 1981.

Worked at Manx Radio from the age of 15 until the mid-90s before a spell at Energy FM.

Started my own successful corporate video production company around the same time.

**In recent years I have worked for all the major broadcasters that cover the Isle of Man:
BBC North West
ITV Border
ITV Granada**
